The Dixon Rugby Football Club was established for the primary purpose of developing young men and women with strong character. Winning and losing, has always been secondary to the more important lessons of teamwork, commitment, loyalty, honor, integrity, pride, selflessness, self-sacrifice, hard work and personal responsibility. These are the values that are constantly instilled into the Dixon players, both on and off the field, and are the values what will make the players successful not just in rugby, but in life.

**YOUR FINANCIAL SUPPORT WILL HELP US TO KEEP THIS PROGRAM GOING AND WE APPRECIATE YOUR GENOROSITY!**
